Thank
you!

In the midst of fear and uncertainty due to COVID-19, God is doing the impossible. And He's using you to do it. When the world told you to be scared, you rose up and provided for those in need. When people were forced to stay put, you brought the Gospel into their homes. When masks were in short supply, you provided safety & protection. When people lost jobs and didn't know where to turn, you provided food for their tables. In a time when the world seemed to be falling apart, your faith, love and generosity made all the difference. You showed people Jesus. You were there for every brother, sister, mom, dad and kiddo...You were there because family sticks together.

Dave & Joyce
